Support, Private Sessions & Terms

If you have any questions, while doing the exercises or after having completed the programme or you like to fix a private coaching session, please contact me by email:

sabine@light-pier.com

A private 4-eye telephone or video session (via zoom call) of 60 minutes is included in the programme. Please take advantage of this offer, to optimise the outcome. It is my pleasure to be part of your journey! It is up to you how you use it:

- You might want to have an exchange about the programme, particular aspects or questions you have in general

- You like to address a personal issue that came up. This can be an example of your life situation, a conflict or any disturbance you encountered that you wish to enlighten on the basis of the contents or exercises of the programme

- You like to get an impulse how to handle a particular problem or wish or goal you have. You can give me a brief information in your email about the subject, only 2-3 sentences and we will elaborate in the session about it more deeply

- If you like, I will give you a meditative treatment on a conflict or particular wishes, feelings or thoughts. I am using the method of The Work by Byron Katie (see step 10) to examine thoughts or a session with a method 'Thetafloating' by Esther Kochte (inspired by Theta Healing - Vianna Stibal) to go through inner and outer conflicts or feelings in a mind picture that I draw, substituting the conflict. Both methods are very simple and also very effective

- Apart from the 60-minute session included in the standard purchase, the price for any additional private session is Euro 120,00 including VAT. Please also see terms and conditions.
